

Westminster Presbyterian Church  
Stewardship Committee Meeting  
January 3, 2007

## Minutes

### Attendees:

Priscilla Goodwin, Frank Fraser, Susan Cloud, Martha Gangi, Larry Hayward, Chuck Ramsey, Molly Roden, Amey Upton, and Art Sauer.

Priscilla opened the meeting with a devotional.

The Committee reviewed the call lists of members who have not pledged and decided to target members who pledged last year but have not yet pledged this stewardship year. The decision was made to e-mail these members and ask them to submit their pledge by the end of the month. Priscilla will follow-up with the church office to accomplish this task.

The Committee reviewed the various aspects of the Stewardship Campaign including the theme, Chronicle articles, coffees, minutes for mission, design/production of materials and campaign follow-up. Committee members commented on the following:

while the coffees were effective for some members they did not reach the membership at large and this might be due to our positive experience at Agudus Achim which lessened the need for members to get together outside of worship; the design of our campaign materials was great but the production of them can be improved; better coordination of committee activities with the church office; and the committee agreed that Larry Hayward's 4-week sermon series on stewardship was effective as were the minutes for mission. Also discussed was a suggestion from a church member that if our campaign was shorter it would have more of a sense of urgency, although for those members who miss church during October it would be helpful to have the campaign remain the same length

For the upcoming Stewardship campaign, the Committee agreed that we need to have a designated section on the church website with a way for members to pledge on line.

The next meeting of the Committee will take place at the end of January with Steve McSwain. Priscilla will contact Committee members about the date and time of the meeting.

Priscilla Goodwin closed the meeting in prayer.
