

Parking Guidelines for Big Events

This covers events booked at St Paul's on weekdays between 7am and 1:30 pm that exceed more than 50 people.

We will communicate to those booking the event that we have parking for only 50 cars so they are responsible for carpooling or providing shuttle service.

Those attending the event must park in our lots across Pilot View (unless they are handicapped).

Those attending the event must provide people to direct parking.

Those attending the event need to include in our bookings the number of people expected.

Those booking the event must provide cell phone contact information from at least 2 people.

We will alert our staff of upcoming big events that may affect parking.
