

Jessica Unruh

Missionary to The United Kingdom

"For a great door and effectual is opened unto me..." I Corinthians 16:9

- The class in Alum Rock (Muslim community) is going very well. Averages of 6-8 students attend every Monday. Their minds are so blinded with the lies they've been taught & they are bound by fear; only the truth of the *Gospel* will set them free!
- God opened the door for Lareina & I to start another English class in a women's shelter not far from the chapel. Most of the ladies are from Pakistan & have come from abusive homes. At the moment there are 7 ladies in the shelter that we are able to teach. Pray that God will give us opportunities to share with them the *Gospel* and that they would attend church and send their children to Sunday school
- Holiday Bible Club. Pray that many of the children that have been faithful to Sunday school will trust in Christ as well as reaching many new children.

I would appreciate your prayers for my visa situation as well as those of my co-workers as we have to return to the States this summer (hopefully at different times) to renew our visas. I will possibly have to try for a different kind of visa. At the moment we are on a volunteer workers visa but it looks like we'll need something more permanent. We need God to give us wisdom & open the doors that He wants us to go through.
