We will have cardboard cake boxes for the cookies, labeled from First United Methodist Church, when you arrive on Saturday morning. Each box will have the location to be delivered on it. Some of the boxes will already have the cookies in it but some will not depending on when the cookies arrive at the church.

Hopefully, we can place at least four cookies per person in the boxes. These men and women work in shifts and we were told by the administration staff to remind them to “save some for the other shifts”. Our delivery of these cookies is to indicate, we at First Methodist, truly appreciate what they do for us. Also, we hope to be able to put in each box a note from a child/youth thanking these servants for protecting us.

Most of the volunteers have only one location to deliver. A few volunteers have two locations. (Curtis George and Erwin Family)

Those who are delivering to the Hall County Fire Station can pull up a map of these locations at www.hallcountyfire.org or I will have this map on Saturday morning for you.

Thank each of you for volunteering for this opportunity. I expect we will be the ones receiving the blessing for this service.
