**Subject:** Outreach report

At Vestry retreat, what I said I would do right away:

1. Get with Charlie Shanks. See what Outreach groups are currently set-up and expand/modify using secure site. Result: Charlie has a few groups set up already. I need to contact each group leader who is not currently set up and get them on board.
2. Get with Rob Srodulski. Invite him to do as he wishes going forward and thank him for his service. Result: I have done that. He has provided 24 x 36 presentation boards that I need to sift through that hopefully will lead me in the direction of current groups and their leader.

An example of our current status would be driving for Moveable Feast. We have a very small, very loyal core of drivers that has sustained this ministry for many years. I know from the time René Leaver coordinated drivers that it's a struggle to fill our slots. Repeated appeals for drivers go largely unheeded. Outreach committee, in conjunction with current core led by current coordinator Laura Whyne, needs to decide whether call, raise, or fold. My early inclination, as in poker, is that calling is rarely the best option. I would lean toward making this a growing ministry or allocating our resources elsewhere.

Respectfully submitted,  
Mark Leaver  
Outreach coordinator

I apologize for the tardiness of this report. I had sent it to Carrie as I was under the impression she would gather them all and send as one with the agenda. Silly me!
