

## New Member Incorporation

The St Michael's New Member Incorporation Group continues on several long standing operations and is carefully exploring more as we have the interest and committed manpower. We continue greeting folks coming in on Sunday mornings and are planning on initiating the following:

- Attempting to have the New Member Group focus as more of a team effort
- Printing the St Michael's informational card
- Baking bread and delivering it to first time attendees
- New signs to be decided upon soon
- Effort made to personally invite friends and neighbors to visit St M
