WEEKDAY EDUCATION MINISTRY

### **Fall 2012 Registration begins Wednesday, January 18th!**

We would love to have your child in our Weekday Education Ministry! We will be enrolling soon for our part-time fall programs for children who are 8 weeks through 5 years old (until the children go to kindergarten). Registration is first-come, first-serve and spaces are limited.

Our preschool program runs from September through May from 9 a.m.-1 p.m. each day. There are many choices of days to attend which are listed on the attached tuition rate sheet. Our preschool program closes for two weeks in December and a week in the spring.

We strive to teach to all areas of a child's development, including social, emotional, cognitive, fine motor, gross motor, and spiritual. Our teachers do a fabulous job of varying the lesson plans to accommodate the variety of developmental levels and personalities in each classroom.

#### **Class Placement and Descriptions:**

We use October 15<sup>th</sup> as our birthday guideline for each classroom. For instance, for your child to be placed in the two year old classroom, he or she must turn two by October 15<sup>th</sup>.

**Our infant class** serves children beginning at 8 weeks old. Children's individual schedules for sleeping, eating, changing and play are followed. The babies receive lots of snuggle time and attention!

**Our toddler class** is more structured. There is a daily classroom routine of play, outside time, songs, art, stories and lunch. In addition to turning one by October 15<sup>th</sup>, children in this class must be off the bottle and not require a morning nap.

**Our two year old classes** continue to focus on the whole child with a daily routine. Increasing communication with teachers and peers, as well as potty training, are important skills at this age level.

**In our three year old classes**, children need to be potty trained. In this age group, life outside the classroom expands with attending chapel and having the option to attend our enrichment programs. Children at this age are big talkers and have a longer attention span, therefore activities can be more complex!

**Our four year old classes** continue to be play-based but also incorporate crucial academic skills such as letter/sound identification and math concepts. The children in our program are prepared to move on to Kindergarten or Transitional Kindergarten.

**Our Transitional Kindergarten** is for children who have completed the four year old program and miss the cut-off date for the schools or for children who might need an extra year before Kindergarten. It expands and extends the four year old curriculum to continue learning in all areas of development.

**Extended Care:**

We will offer extended care from 1:00-3:00 p.m. for children ages three and up who are potty trained. The cost for five days a week is \$245 a month. If you would like to schedule regular care for one to four afternoons a week, please check in the Weekday Office for alternate pricing and availability. We will also offer drop-in care on a first-come, first-serve basis for \$10 an hour. During extended care, the children will have quiet time on their mats. Students may go to sleep, read, or play with quiet toys. Older children may have the opportunity to draw or write in their journals.

**Optional Enrichment Opportunities:**

Specific information about enrolling in these opportunities is distributed at the beginning of the school year. These outside groups set their own prices for their services and collect payment directly.

- **Computer Explorers:** Children who are two and a half or older can sign up for a weekly half-hour session with a trained instructor and several other children. In a small group setting, the children have the opportunity to learn new technology while reinforcing knowledge in various curricular areas.
- **Matthews Ballet:** Dance instructors from Matthews Ballet offer two forty-five minute classes each week, one for two-three year olds and one for four-five year olds. Their lessons are classical, based on the Royal Academy of Dance syllabus.

**Registration:**

To register, please print out the following registration form, complete it and bring it with you. Please complete a separate form for each child you are enrolling. Please pay your registration fee by presenting a check made out to PBC CDC.
