

# AUTOMATED OFFERING

Many people enjoy the modern convenience, safety and reliability of making automatic deposits or transactions through the automated banking system. Now you can make weekly or monthly stewardship contributions through the St. Michael Automated Offering Plan. Simply complete the attached form and we will do the rest. It's safe, easy and absolutely free.

This plan is similar to payment programs offered by banks, telephone and other utility companies. Your contributions are automatically withdrawn from a regular checking account at any bank or credit union. It's 100% safe. No one but you has access to your account and nothing can be withdrawn without your authorization. You can change or cancel your contributions by simply sending a written notice to the parish office.

This plan was developed at the request of parishioners and is not expected to be attractive to everyone. Some of their comments heard which promoted the program development include: "I always forget my envelope"; "My wife and I attend different Masses and we are never sure if the other put the offering in"; "We travel a lot and this would make it easier to be regular contributors"; "I do all my banking electronically or by credit card. I don't use cash or checks"; and "I can't think of a better way to insure that I am giving from the first fruits and not the leftovers".
