MISSION STATEMENT
OUR REASON FOR BEING...

St. Michael Early Childhood Center provides a caring environment in which children can grow socially, emotionally, mentally, creatively, and spiritually. In this catholic preschool, children discover the inherent goodness in all that they are and how God is part of their everyday lives. It is an atmosphere in which children can learn to live effectively with themselves and others and also begin to acquire a sense of identity as God's children while experiencing many chances for success. In a world that grows more competitive each day, the staff of the ECC assists the children to experience happiness and success in a non-competitive environment. By making material available in an interesting, exciting manner, children can be children—free to play, explore, and imagine in the course of a child oriented day.

SPIRITUAL DEVELOPMENT

St. Michael ECC is a Catholic Center where spiritual enrichment is recognized as an essential part of the learning process. It is, therefore, an integral part of the program.

Throughout our everyday activities, the staff of the ECC strives to help each child know that God is love, and that he is the maker of all that is great and beautiful in this world. Bible stories are read in the classroom, children learn the sign of the cross, begin each day with a prayer, and honor Mary with a May Crowning ceremony. Children who attend the three, four, and five-year-old preschool programs also meet in the church throughout the school year for a short program of prayer and song, and our four and five-year-old children attend the Catechesis of the Good Shepherd once a week.

Finally, in addition to fostering the growth and development of the children who attend, participation in our programs provides parents and families with many opportunities to build and strengthen ties to each other and the parish community.

PRESCHOOL PROGRAM DESCRIPTIONS

Our preschool programs serve 154 children; 36 children in our two-year-old program, 52 children in the three-year-old program, 50 children in the four-year-old programs and 16 children in the Developmental Kindergarten. There are twelve to eighteen children in a class taught by a teacher and an assistant. Each of our teachers holds a teaching certificate or is working toward an Early Childhood credential. All members of the ECC staff are certified in CPR and First Aid and are required to accrue a minimum of 10 hours of continuing education each year.

All of our programs offer a developmentally appropriate curriculum, and each level builds on the previous one. Whether exploring the many facets of dinosaurs, traveling to Mexico, England, or the moon, play acting famous fairy tales, collecting bugs, or experimenting with erupting volcanoes, the ultimate goal is to expose the children to a wide variety of wonderful units and provide an atmosphere of learning through play. Our units are designed to develop readiness skills and they all provide developmentally appropriate activities directed toward that end. In addition to regular classroom activities and outdoor play, the children go to the Music Room for music and movement with our music teacher.

Many activities depend on parents volunteering their time and talents. We invite parents to play an important role in the early education of their children.

TWO YEAR OLD – Two Day (T/TH or M/W): Two years old by 8/31/12

This is a cooperative program in which parents work, on a rotating basis, with classroom leaders to provide a play group for toddlers.

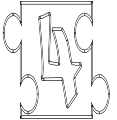

THREE YEAR OLD – Two Day (T/TH) or Three Day (M/W/F): Three years old by 8/31/12

The emphasis of this program is on socialization. The teachers strive to help the children build self-confidence and self-esteem, while they learn through play. We encourage and promote interest in socializing, imaginative play, group activities, and solitary play. All of these activities are enriched with stories and music.

FOUR YEAR OLD – Three Day (M/W/F) or Five Day (M-F): Four years old by 8/31/12

In both four-year-old programs, we encourage children to look for peer relationships, to play cooperatively with others as well as along side them, to share, contribute and interact with others in a group, and to explore and create! This program consists of a vast array of units and themes which concentrate on continuing to develop social skills, while introducing kindergarten readiness skills in a fun, exciting, and developmentally appropriate way.

FIVE YEAR OLD – Five Day (M-F): Five years old by 10/31/12

This program organizes developmentally appropriate activities into units and themes designed to accomplish readiness for kindergarten as well as to further strengthen the children’s confidence and self-esteem. The luxury of a five day program affords the teacher the opportunity to more fully explore each unit with the children. Teachers encourage readiness to learn and question, utilization of the children’s developing sense of responsibility, and their abilities for imaginative play, dramatic play, construction, and simple games. This program offers a “kinder, gentler” approach for children who need an extra year to grow before entering a full day, structured kindergarten setting.

CENTER HOURS

School begins at 9:30 each morning and ends at 12:30 each afternoon. Children may be dropped off in the classrooms beginning at 9:25. Children are dismissed to parents at their classroom doors at 12:30.

ADDITIONAL ECC PROGRAMS

Parents and Children Together, P.A.C.T., is an opportunity for parents and children, infants through preschool age, to meet together and play from 10-11:30 on Wednesday mornings in the Parish Center. It’s a “come if you can” program that begins in October and ends in May. Pre-registration is not required. This program is dependent on a volunteer facilitator each week and can continue only as long as someone is willing to serve in that capacity.
