## Our Philosophy

We are a child centered Christian Preschool rooted in sound early childhood practices. Our strength lies in our staff-their professional competence, their personal dedication and their Christian commitment.

We believe children learn best in an atmosphere of love and respect. Our goal is to guide children in developing the full potential with which God has endowed them.

We provide opportunities for children to

1. Develop their own creativity
2. Develop ability to think logically
3. Develop a joy for learning
4. Develop skills to function in a group setting

It is a time for our children to be three, four and five...a time to be challenged, to experiment, to discover and to be successful as they prepare for the next step in education.
