

A caring staff in our MOPPETS department provides activities that contribute to children’s physical and creative development and spiritual enrichment. Each month a new theme will be used with emphasis on showing the children God’s love. This service is provided for morning meetings only.

INFANTS to 24 MONTHS

The youngest children will find the nursery a warm, loving and enjoyable place to be. Snack, toys, simple puzzles and books are provided for times of interaction with our caregivers.

2’s , 3’s, 4’s and 5’s

The program is based on the way children learn—naturally, through play. The children are actively involved in matching, sorting, hiding and repetition. Singing, listening and use of large motor skills round out the program.

Please Note: MOPPETS is not provided for the evening meeting, except for nursing infants, by reservation.
