

## **Myrtle Grove adopted an unreached people group in Africa 12 years ago. Our group is over 99% Muslim.**

This past year God laid it on our hearts to pray for a spirit of evangelism to come and for souls to be called out darkness and into the light.

That sounds crazy in the flesh when you consider it is a Muslim area in the west Nile region where our missionaries have been brutally beaten and shot and two others from another church were martyred.

### **God is on the move!**

**One of the local Christian leaders challenged the Muslim imams to two public debates: each one to be 5 hours a day for 4 days with six imams and six Christians.**

The first debate was held in a town with a large market place where approx. 1,000 attended.

The second one was held in a soccer stadium in a central city where 1,000's attended.

**Debate topics included:** Is Jesus God? Is Allah Lucifer and the spirit jinn's mentioned in the Quran fallen angels?

Only the power of God could keep this orderly using the police as his servants.

### **Response from Muslims who attended that saw the Christian debaters afterwards:**

1. On the street 6 men called out to one our debaters "thank you for taking a stand... I do not know what I believe now. I know now that Jinn's are fallen angels and they have testify in the Quran that when they try to access heaven what they see is fire ready to consume them. Now that even Allah says he is not in heaven. What type of heaven do the Muslims and their Allah have?" Our debater told them to find out because the Bible is very clear the Christian heaven is not the Muslim heaven.
2. A group of Muslims asked "how special is Jesus, the Quran lifts him very high and the Bible lifts him higher. Who is he?" The answer: "Jesus is the saviour of the world."
3. A motorcycle repairman said "the way Christians are standing for the truth it will very soon cause some Mosques to be converted into churches."
4. One Muslim commented that he hates Christians and said the debates organised by Christians is very dangerous for Muslims because it will expose many secrets of Islam.
5. The common question is "how did you people know the secrets of Islam? Our sheiks defend the challenges raised against Muslims but there are points they will never defend or touch. Your arguments look realistic said one top Muslim leader.
6. An aspiring candidate for the seat of a local top political seat said that the organisation of the debate was very good and it showed that the people are moving away from ignorance to true knowledge.
7. Another said "I know the truth but what I fear is the killing spirit of Muslims."
8. Three adolescent girls at the borehole (well) in town were over heard talking. Two were Muslims and one a Christian. The Christian girl stumbled against a stone and shouted Jesus and one of the Muslim girls asked "why do you shout Jesus when our sheiks taught us that Jesus is a Muslim?" She answered "the Christian Jesus is different from the Muslim Isa which means the urine of a camel in Arabic. The Christian Jesus is a Saviour." The other Muslim girl interjected and said I heard the truth about Jesus

and truly he is different and declared that she is going to become a Christian and she will tell her parents that she wants' to follow Jesus because Christians have the true Jesus.
