

## GBBC Church Wide Survey

In preparation for our future Pastor and to provide a baseline evaluation of our Church, it is important to identify our strengths and weaknesses. It is most appropriate for you to share ideas and suggestions for the success and the future of GBBC. By identifying our strengths and weakness we will be able to focus our attention on areas of need. We need honest opinions and feedback from everyone. This can provide valuable information for our future growth. The Personnel Committee would like to thank Dr Keathley for his support and expertise during our transition and for helping us to move forward.

Please use **a separate** survey if evaluating more than one area
