

## Small Group Questions: February 21<sup>st</sup>, 2010

**Big Idea: In order to be successful in the discipline of reading our Bible, we need accountability.**

*1. Take the accountability covenant that was given to everyone during the teaching time and take some time to pray over the covenant as a group and encourage students to sign each others covenant as a “vote” of encouragement and support to each other. We will talk through the instructions for this in detail during the teaching time.*

2. Remind your students about missions trip applications being due today. Any students that are requesting an extension on their app, you can direct to me.

3. Hand out pieces of paper with pens or pencils(found in your folder container), share 1 Thessalonians 2:8 and ask them to submit a possible name for our ministry. Tell them to put their names on their submission, the winning submission will earn their small group a shotcake party!!!  
WOO HOOO!
