

50 years is a long, long way;  
That is why we are thinking about it today.  
The days fly by like birds in the sky;  
The celebration is great! Why?  
It's the 50th Birthday.

The fun, joy and laughing  
Is going to be everlasting;  
Singing and dancing for years to come  
Celebrating Christ and everyone,  
It's the 50th Birthday.

So long ago it seems when the doors first opened wide  
For everyone to come inside.  
Jesus, God, the Trinity  
Not just for you and me, but the world to see.  
It's the 50th Birthday today.
