Dear Ms. McClure:

Community Church of New York holds at least 1,000 shares of United Parcel Service stock. We believe that companies with a commitment to customers, employees, communities and the environment will prosper long-term. Among our top objectives is the assurance that companies we invest in are doing all that they can with regards to corporate accountability and lobbying disclosure

Therefore, we are submitting the enclosed shareholder proposal as a co-sponsor with Walden Asset Management for inclusion in the 2014 proxy statement, in accordance with Rule 14a-8 of the General Rules and Regulations of the Securities Exchange Act of 1934. We are the beneficial owner, as defined in Rule 13d-3 of the Securities Exchange Act of 1934, of the above mentioned number of United Parcel Service shares.

We have been a shareholder owning more than \$2,000 worth of stock for more than one year and will provide verification of ownership. We will continue to be an investor through the stockholder meeting of at least \$2,000 of United Parcel Service stock through the next annual meeting. A representative of the filers will attend the stockholders' meeting to move the resolution as required by SEC rules.

We consider Walden Asset Management as the "primary filer" of this resolution, and ourselves as a co-filer. Please copy correspondence both to me and to Timothy Smith (tsmith@bostontrust.com) at Walden Asset Management. We hereby deputize Walden Asset Management to withdraw this resolution on our behalf.

UPS Lobbying Disclosure

Whereas, businesses, like individuals, have a recognized legal right to express opinions to legislators and regulators on public policy matters.

We have a strong interest in full disclosure of our company's lobbying activities and expenditures to assess whether our company's lobbying is consistent with its expressed goals and in the best interests of shareholders and long-term value.

Resolved, the shareholders of United Parcel Service ("UPS") request the Board authorize the preparation of a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
2. Payments by UPS used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.
3. UPS's membership in and payments to any tax-exempt organization that writes and endorses model legislation.
4. Description of the decision making process and oversight by management and the Board for making payments described in section 2 above

For purposes of this proposal, a "grassroots lobbying communication" is a communication directed to the general public that (a) refers to specific legislation or regulation, (b) reflects a view on the legislation or regulation and (c) encourages the recipient of the communication to take action with respect to the legislation or regulation. "Indirect lobbying" is lobbying engaged in by a trade association or other organization of which UPS is a member.

Both "direct and indirect lobbying" and "grassroots lobbying communications" include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees of the Board and posted on the company's website.

Supporting Statement

As shareholders, we encourage transparency and accountability in the use of staff time and corporate funds to influence legislation and regulation both directly and indirectly. We appreciate UPS updating its oversight and disclosure on political spending and lobbying but crucial information on lobbying through trade associations is still secret.

UPS spent approximately \$15.2 million in 2010 to 2012 on direct federal lobbying activities, according to disclosure reports (*Senate Reports*). These figures may not include grassroots lobbying to directly influence legislation by mobilizing public support or opposition and do not include lobbying expenditures to influence legislation or regulation in states that do not require disclosure.

For example, UPS does not disclose or explain to investors its contributions to the highly controversial American Exchange Legislative Council (ALEC). UPS sits on ALEC's Private Enterprise Board and made a \$25,000 contribution in 2011.

Over 50 companies left ALEC in light of controversy regarding its positions including Coca Cola, Dell Computers, General Electric, Johnson & Johnson, McDonalds, Procter & Gamble and Unilever.

Finally, UPS sits on the Board of the Chamber of Commerce, the largest lobbyist spender, which spent over \$1 billion lobbying since 1998. Yet UPS does not disclose portions of its trade association payments used for lobbying.
