Tyler Brauhn has served two years on the Junior High Ministry team and one year on the YAM team. He is leaving Junior High now to serve on the Senior High Team. He graduated from the University of Illinois in May, 2007 with a degree in Mechanical Engineering. He works for Bison Gear & Engineering in St. Charles.

Tyler is a great role model, enthusiastic about his faith and the success of the YAM ministry. He likes to ride his bike and play guitar. His apartment is within walking distance to the church... very nice.

He also has a motorcycle, but the rest of the team does not approve.
