## **GPS NAVIGATION - GETTING TO WOODRUFF USING YOUR GPS**

Drivers utilizing a GPS to plan their route to Woodruff should be cautious. Many GPS makes/models will tell you to access camp directly from Loving Road using Turner Gap Road. This road is impassible and you will not make it to camp. Other GPS units are known to tell you to access camp from Squirrel Hunter Road or Chestnut Gap Road. It is not possible to reach camp via these routes either. You will find paved roads all the way to the camp gate. If you are not on a paved road, you are not able to get to camp. Be sure to refer to the "Directions to Woodruff" map and use it for the last 15 miles into camp. Don't depend on your GPS!!!
