

## Room Parents

### Committee Chair: [Jen Cox](#)

A Room Parent is a parent volunteer that helps disseminate information to and from the HSA, parents, and teacher. Room Parents help to coordinate volunteers for various classroom activities, class parties, and for specific HSA events. Room Parents are not expected to do everything themselves -- a great room parents helps get other parents involved by recruiting parent participation throughout the year.

Room Parents coordinate the homeroom Phone Tree, Teacher (and Assistant) Birthday recognition, Christmas Collection, and other items as requested by the homeroom teacher.

Each homeroom will need one to two parents to serve as Room Parent for the year. Serving as a Room Parent is a fun way to meet new people and to help serve the children of this school. If you are interested in serving as your child's Room Parent, please talk with the homeroom teacher at Back to School Night and sign up in their room.

I serve as your contact person and HSA liaison to assist each Room Parent in carrying out their respective activities. If you have questions about being a room parent or want to volunteer, please contact [me](#)!
