Parking Instructions:

Workers can park at Ameri Gas, which is located at 4823 Lanier Avenue in Sugar Hill. On weekdays we cannot park in the 4 upfront parking spots or in the gravel circle where the trucks need to turn around, but we can park in the far part of the parking area (flat grassy area). On Saturdays, we can park anywhere but inside the fence. They are located about .3 miles from the build site so it should be an easy walk. We cannot park on Sylvan Street because the street is too narrow and neighbors' driveways are easily blocked. There may be room for parking on Chapel Avenue along the railroad tracks as well.
