Stepping Stones

This is a Stepping Stones year! Every other year we have Sunday School classes for parents and their children together. In October, the 3rd and 4th graders and their parents learned how to read the Bible together as a family. In November, the 5th and 6th graders and parents learned about the Biblical basis for serving and had opportunities to serve. February was the 1st and 2nd graders' turn. These families looked at prayer and how to pray at home. Each class series ended with the children leading the congregation in one aspect of what they had learned. Feedback from parents has been very positive. Some comments were:

- "Time spent together was great."
- "I rarely spend time with my child one-on-one, and spending that time discussing faith was very worthwhile."
- "Now my child and I have a more open dialogue about God and praying to Him."

Family reminders:

- Did you pick up your "Lent-in-a-bag" yet? If not, please find yours on the credenza in the office lobby. It has your name on it! The bag contains concrete ideas for Lenten activities your family can do together.
- Lent is fishbank time! Children in grades 1-6 received a bank to take home (please let us know if your child did not receive one). Don't forget to use the calendar with suggestions for filling the bank with coins. Please return filled banks on **Palm Sunday, March 25.**
- Next Kids' Nite 36 is March 16 at 7:00 pm.
