*\*Our concert this year will be “Annelies” by English composer James Whitbourn. It is for soprano soloist, chamber ensemble, and chorus. It is the first choral piece based on the Diary of Anne Frank. While there are composers that we can celebrate each year for their special birthdays or death anniversaries, the year 2020 marks the 75th-Anniversary of the end of World War II. Because of this anniversary, and in light of world events, we have the ripe opportunity to share a piece, at a deeply meaningful level, that speaks of the indomitable hope expressed for the basic goodness of people. The music does not profess one religious belief over another, rather it is more of a humanitarian expression - hope through suffering, faith through fear, and unity through peace. We will offer this as an ecumenical expression -one night at Redeemer and the next night at Main Line Reform Synagogue. This will be a very special journey for those of us in the choir- the subject matter is deep and often difficult, the music is stirring, and the text is as relevant as ever. The Grammy-nominated musicians of The Lincoln Trio and acclaimed soprano Arianna Zukerman (from the recording that I shared with you all) will join us for both evenings!*
