

“The LeadersEdge allows us to combine a kingdom oriented support system among plant teams and local churches to make disciples and to multiply leaders who behave like Jesus. The blending of the coaching discipline, the peer cross-pollenization among local leaders, and the practical tools received for personal and ministry skill development have led to significant growth at multiple levels for the participants in our network..” - **Carl Martin, PCN Trainer**  
**SCBC Low Country Church Planting Coordinator**

“The Edge experience has made me aware of my personality and my strengths and has provided me the needed support to operate from them more effectively. I love the coaching discipline. I am learning how to draw out leadership potential in others rather than pushing them along.”  
 - **Ruben DeJesus**

“The life and ministry skills I acquired through my participation in the Leaders Edge were the catalyst that moved me from surviving in life and ministry to thriving in life and ministry!”  
 — **Lane Lowery**

“The LeadersEdge training experience gave me the skills to fight for the vision God put in my heart and sort through the difficulties of church planting, while giving me a great opportunity to form lasting ministry relationships. As a result of this process and because of the Pastor’s Coaching Network there are greater numbers of lost people in our community experiencing the hope of a relationship with Christ!”  
 — **Andy Wood**
