

# WINTERTIME REMINDERS

Parents and families of Parkview Preschool,

The cold weather season is coming soon so get ready! When we have nice days in the winter months we will always go outside to play so please send your little ones with a coat, hat and gloves. We might not need them on some days but please have them available in their backpacks. Studies show that fresh air in the winter season is very important for us; not only are we soaking up some vitamin D, we are airing the germs that we gather from being inside during the winter months. We will be on the playground for recess on days the "Feels Like" temperature is 45 degrees or warmer.

Remember it is cold and flu season and little ones love to share things, including their germs!! Please make sure if your child has been ill they are kept home until they are symptom free for 24 hours. Our "Sick policy" is posted on the main preschool door and at the entrance to each classroom for your convenience.

Also, when we have inclement weather days we will follow the Tulsa Public Schools schedule. If TPS is closed due to bad weather then Parkview Preschool will also be closed. Check our ***Parkview Baptist Weekday Preschool-Tulsa Facebook page*** for announcements and updates.
