Waiting on God
Job Waited

Many of us if not most of us don't like waiting. Waiting can be very frustrating and stressful when something or a situation in life is beyond our ability to resolve. We are now put in a position that we must wait on God. While waiting on God we pray, some fast and have others pray for them when nothing, zilch, nada, zero change takes place, after seeking God and your situation gets worst. Waiting on God's timing can be difficult.

Background: Job was a righteous, honest, and wealthy man. Scriptures indicates job was blameless, upright, and one that feared God, and stayed away from evil. Job had 7 sons and 3 daughters. Job was rich; His substance was 7000 sheep, 3000 camels, 500 pairs of oxen, 500 donkeys, and servants. Job was the greatest of all men of the East (*Job 1:1-3*).
