“Keep The Faith In Your Midnight”

Acts 16:16-31

Midnight represents hard times, difficulties, and struggles, or going through life challenges. Things seem worse at midnight; we encounter sleepless nights, pain is more pronounced and dealing with life issues can cause us to be stressed. Our midnights can be overwhelming. When we go through our midnight, don't compromise your morals and values. Don't yield to temptation; keep your faith in the Lord. Trust the process that you are going through, knowing He's still in control.
