Give Now

Once logged in, this is the first screen you see. The last menu item on the right is Giving, and the first option, "Give Now," is how you reach the online giving portal.

My Scheduled Giving is where you can review recurring transactions that are already set up. We'll learn a bit more about that later.

My Giving History is where you can review all transactions recorded in our system, not just electronic transactions setup within the portal. You can also access your giving history and pledge history at the bottom of the screen via the links under "My Giving Summary."

Next, you'll choose the target fund, or funds, for the transaction. As you can see in the screen capture, we currently have options for pledge payments for the current church year, establish payments for next church year, make a general contribution, pay RE-associated fees, or something else. Regardless of your choice, a text box will appear allowing you to add descriptive text if the transaction needs explanation. OWL fees or CON fees would be examples of likely text for a payment into the RE fund. Note that you can divide the transaction between any and all of the categories, so you could make a pledge payment and contribute to our Shared Plate beneficiary with one transaction.
