

## **Congregational Survey 2021**

This year Board members Kalen Ponche, Chuck Schuder, and Sara Fleming led our 2021 congregational survey. Kalen, Chuck, and Sara developed the survey, organized its distribution, tabulated the results, and returned to you an executive summary. Thank you to former board member Cathy Converse for her support with the process. That executive summary was posted in the January 28 This Week at Eliot. If you did not have a chance to review it, you can do so now: [Executive Summary](#). The full survey results are also available: [2021 Eliot Chapel Board of Trustees Congregational Survey](#).

Just shy of 40% of the Eliot membership participated in the survey. This rate is consistent with the return rates that other organizations are having to surveys during the pandemic. So many of us are weary on surveys, online activities, and being on our computers and phones so much more to stay connected. This is, however, a quick, simple, and important way members help to inform the future of Eliot. The next survey will be in late 2022 and we encourage every member to participate.
