

**ELIOT UNITARIAN CHAPEL
SAFE CONGREGATION POLICY**
(Updated June 2022)

Preamble: Eliot Unitarian Chapel has made a commitment that members, friends, and visitors of Eliot Chapel feel welcomed, safe, respected, and cared for. It is ultimately the responsibility of the entire congregation, not just those in leadership positions or formally signed members, but all community participants, to create and maintain a climate that supports the growth and welfare of everyone in the congregation.

The purpose of this policy is the following:

- To promote safety in all areas of congregational life (physical, emotional, intellectual, sexual, and spiritual), especially pertaining to the safety of children, youth, and adult volunteers & staff (workers) working with children and youth.
 - **A Note about Online Programming:** The expectations outlined in this policy apply to both in-person and online programs. For more specific guidelines & resources about safety in online programs, please see [Guidelines for Online Religious Education & Youth Programming](#). A printed version of these guidelines are included at the back of hard copies of this policy.
- To provide training and guidelines for handling unsafe situations, safety concerns, and reported & alleged abuse.
- To reduce the possibility of sexual misconduct, sexual harassment, or child sexual abuse.
- To provide safeguards in case of false accusations of sexual misconduct, sexual harassment, or sexual abuse made against Chapel volunteers and/or paid staff.
- To proactively establish a plan for addressing these issues of safety
- To declare our congregation's ongoing commitment to the safety and well-being of everyone in the chapel community and ensuring, to the best of our ability, that our congregation is free of sexual abuse, harassment, and misconduct. 1. SCREENING AND SELECTION OF PEOPLE WHO WORK WITH CHILDREN & YOUTH

a. Those who provide direct care or supervision for children or youth at Eliot ("workers"), including staff, ministers, and volunteers, must meet the following criteria:

"Worker" is defined as anyone, volunteer, or staff, serving as a teacher, advisor, childcare attendant, chaperone, or supervisor of children and youth during Eliot Chapel sponsored activities and events who has supervisory or oversight responsibilities.

i. Those working with children and youth in junior high school (7th- 8th grade most years) and younger should be at least 18 years of age. Workers below the age of 18 must be approved by the Director of Religious Education (“DRE”).

ii. Those working with high school groups (9th-12th grade most years) should be at least 25 years of age. Workers below the age of 25 must be approved by the DRE.

iii. All workers must consent to such reference and/or background checks as Eliot Chapel, in its sole discretion, deems necessary. The DRE and minister will be responsible for determining disqualification based on background or reference checks. This information will be kept confidential.

iv. All workers must be trained as prescribed by the DRE.

v. **As of June 2022: All workers, staff, or volunteers, who work directly with children and youth are required to be *vaccinated for Covid-19.** This requirement will be in effect at least until children under age 5 become vaccine-eligible and will be re-evaluated on an ongoing basis.

- *Staff members are required to obtain and show proof of both their initial vaccines AND subsequent boosters as determined by the Director of Finance & Operations & Lead Minister or Interim Lead Minister.
- Lay leaders are required to verify with the D.R.E. that they have obtained an initial Covid vaccine prior to volunteering with children or youth.

b. For other programs that involve children and youth which are not under the supervision of the DRE, the program coordinator will serve in the role described for the DRE in this policy in all respects to ensure that this policy is upheld.

2. SUPERVISION GUIDELINES AND POLICIES

a. All workers are subject to the supervision and evaluation of the DRE or their delegate.

b. All workers are required to comply with the following policies to ensure a safe and secure environment for children and youth while participating in Eliot activities:

i. Each group should have at least two *unrelated or non-partnered workers present at all times with at least one worker being an adult (18+ /or 25+ for high school aged youth). For infants and toddlers, the desirable ratio is one worker for every three children. The DRE shall determine the appropriate level of supervision for each group and activity and may make exceptions to this rule on a case-by-case basis.

- **“Adult”** - an individual who has reached their 18th birthday. For those working with high school-age youth, “adult” refers to those aged 25+.
- *Should related or partnered workers (staff or volunteers) wish to work together, a third worker should be present. This reduces the chances of any harm occurring OR the workers facing any false allegations
(Source: [UUA Safe Congregation Handbook \(Online Version as of June 2022\): Supervision Section](#))

ii. Visibility and access into classrooms and other spaces used for education and programming with children & youth must be maintained at all times.

iii. The DRE and/or their designee, shall circulate in the RE classroom area and monitor classroom activities randomly during regular RE classes.

iv. No private off-site meetings with children and youth are allowed, unless 1-a parent or guardian is present, and/or 2-prior approval has been received from both parent/guardian and DRE.

- If an offsite meeting is to occur (with parent/guardian approval and notification), it should occur in a public location, such as a restaurant or coffee shop.

v. All outings and events, onsite, offsite, or online, which are organized by Eliot staff or volunteers, must be pre-approved by the DRE (or their designee). Participating children and youth must have formal permission from a parent or guardian.

In the event that Eliot organizes travel arrangements for an approved outing:

vi. All drivers shall be a minimum age of 25. Drivers must submit proof of a current & valid driver’s license and valid insurance and submit to a Driver Background Check through the State of Missouri before being assigned chapel driving responsibilities.

vii. Drivers should have two or more children or youth in the car when transporting children and youth to and from activities. The only exception is when the driver is transporting a child or youth with prior parent/guardian approval and notification of the DRE.

- **Note:** Drivers may pick-up or drop-off children/youth at their homes OR another predetermined location with advance notification and approval from the child’s or youth’s parents/guardians, and notification of the DRE whenever possible.

Disciplinary Matters:

viii. If disciplinary issues arise involving children and/or youth, there must be two adults present during all disciplinary meetings between the worker(s) and the child or youth involved. The parents or guardians shall be informed of any such meeting and its contents as soon as possible.

ix. Corporal punishment or abusive language is prohibited. This includes behavior that constitutes verbal, emotional or physical abuse, and behavior or language that is threatening or demeaning.

x. Behavior by adult workers (staff or volunteer) with children and youth must both *be* and *appear to be* above reproach.

Guidelines for Online Religious Education & Youth Programming

3. MAINTAINING HEALTHY BOUNDARIES

a. **Mentoring:** Mentoring relationships between children or youth and adults are actively encouraged, subject to the following guidelines:

- A mentor, by definition, is a trusted counselor or guide. In the relationship between an adult and a child or youth, differences in age and maturity automatically bring differences in power and responsibility. Mentoring is not the same thing as peer-to-peer friendships which are grounded in equality of status.
- Regardless of the age of the child or youth, it is the responsibility of the adult to maintain appropriate boundaries at all times AND to be conscious of how their behavior is welcoming or exclusive to children and youth, in order to maintain an atmosphere of health and trust. (Source: [UUA Youth Inclusion & Safety Guidelines-Adult Staff & Volunteer Leaders](#))
- Anyone who becomes aware of, or observes, any boundary violations in relationships between minors and adults, must immediately discuss the situation with the minister or DRE.

b. Physical Affection. Limited physical expressions of affection such as hugs are acceptable, but the adult should allow the child or youth to initiate the contact. Any form of touch or physical expression shall be based on the needs of the individual being touched, not on the needs of the volunteer or paid adult staff.

c. Sexualized Behavior. Adults who work with children and youth are in positions of power and play a key role in the spiritual and identity development of younger members of the community. It is never appropriate to engage in any manner of sexualized behavior with a child or youth. This refers not only to explicitly sexual behavior, but to sexually provocative,

seductive, romantic, or erotic behavior or language as well. It is inappropriate to tell jokes with sexual content, connotations, or “double entendres.”

Sexualized content on social media or any other virtual or electronic outlets viewable by children and/or youth is prohibited.

- ***Note about Social Media & Adult Volunteers:** Adult volunteers and staff are expected to stay in “adult role” on any social media platform in which their posts are visible to youth. This means posts are appropriate for youth to view and are not sexualized, discriminatory, harassing, or otherwise contrary to UU values (Source: [UUA Social Media Policy for Adult Volunteers-as of June 2022](#))

d. Harassment. Adults shall not sexually harass or engage in any other behavior with children or youth which constitutes verbal, emotional, or physical abuse or harassment. Any harassment regarding race, color, national origin, religion, age, sex, gender, sexual orientation, or disability will not be tolerated. Such harassment could include, but is not limited to, unsolicited remarks, gestures, or physical contact, or displaying or circulating written material or derogatory pictures directed at any of these categories. In addition, sexual advances, jokes, explicit or offensive pictures, requests for sexual favors, sexting, and other verbal or physical conduct of a sexual nature constitute sexual harassment and will not be tolerated.

In cases of violation of this code, appropriate action will be taken, up to and including the including notification of law enforcement and/or child protection services.

(Source: [UUA Youth Safety Guidelines-Discrimination Harassment, Bullying and Retaliation, as of June 2022](#))

- i. In the event a child or youth initiates inappropriate touching or any other form of sexualized behavior or harassment, the volunteer or paid staff member must immediately inform the child or youth that such touching is inappropriate. The adult must notify the DRE or, in their absence, the minister, of the incident within 24 hours.

e. Tobacco, Drugs, and Alcohol. Children and youth are prohibited from using tobacco (INCLUDING vaping, vape devices, and/or electronic cigarettes), marijuana or its derivatives, other drugs, or alcohol, and must not be allowed to engage in illegal behavior while participating in church-sanctioned activities. Volunteers and staff should, at all times, be aware that their own behavior is a powerful statement to children and youth. Adults, while actively supervising children and youth at a church-sponsored event or gathering, must not consume alcohol, use illegal drugs, use marijuana and its derivatives, or use tobacco products (INCLUDING vaping, vape devices, and electronic cigarettes) for the

duration of the event or the tenure of their responsibility, both to maintain their ability to act responsibly in the event of an emergency AND to avoid the distance between youth and adults created by alcohol or tobacco consumption, or other controlled substances, including marijuana and its derivatives (**SOURCE:** [UUA Youth Safety & Inclusion Guidelines-Behavior Expectations, as of June 2022](#))

- i. Whenever alcohol is present at an Eliot Chapel event, adults of legal drinking age (21 and older) who are consuming alcohol are expected to do so in a responsible manner which does not endanger themselves or others. Leftover alcohol should be removed or disposed of appropriately after the event.

f. Communication. All communication, regardless of the method, between adults to children and youth *must be AND appear to be* above reproach. All communication between adults and children or youth should be thought of as though it were occurring in-person, regardless of whether it is occurring face-to-face, over the phone, or electronically. The vast number of communication possibilities, and the quickness with which new applications and devices are created, requires that adults working with children and youth be cognizant of the need to maintain appropriate relational boundaries at all times, no matter the means of communication.

Guidelines for Electronic Communication: We encourage the use of electronic communication between volunteer teachers, youth advisors, Eliot staff, and Eliot families (including children and youth), subject to the following guidelines:

- i. Volunteer teachers, advisors, and staff may communicate with the parents/guardians of children and youth enrolled in the Religious Education program by using email, texting, and other forms of electronic communication.
- ii. Electronic communication between volunteer teachers, youth advisors, staff and Religious Education families, children and youth should be used to communicate facts and information relevant to the Religious Education program, or other Eliot Unitarian Chapel or Unitarian Universalist programming and business only.
- iii. When adult teachers, advisors, staff, and mentors communicate with youth through email, Facebook, or any other electronic forms of communication, the appropriate Eliot Chapel staff and/or youth's parents or guardians should be copied (CC'd) or included whenever possible or notified of the communication ASAP.

iv. If a youth should contact a mentor, advisor, or church staff member privately through electronic communications, the recipient may send a reply with a CC (copy) to either the youth's parent/guardian or the appropriate church staff member.

v. *LIMITED Social Network communication between adult leaders and youth group members related to Eliot Chapel activities, youth programming, regional & national UU youth events, and other chapel business is permissible with advance parent/guardian notification/approval, subject to the expectations outlined below. Any such communication should, whenever possible, occur in a public space and must BE and APPEAR TO BE above reproach.

- *As of June 2022, any social media communication between youth and adults for programming purposes should occur on Facebook. The UUA does not recommend the use of Tik Tok, Instagram, Snapchat, or any platforms that allow disappearing messages for adult/youth communication (**Source:** [UUA Youth Online Safety- Image Sharing Platforms](#))
- Youth may find adult staff and volunteers on social media and choose to engage such as requesting to be a friend on Facebook. Adults should not initiate such contact (i.e., “friend requests”) with youth AND must not accept friend requests from youth on platforms that allow disappearing messages (like Snapchat).
- Adult volunteers and staff are expected to stay in “adult role” on any social media platform in which their posts are visible to youth. This means posts are appropriate for youth to view and are not sexualized, discriminatory, harassing, or otherwise contrary to UU values (**Source:** [UUA Social Media Policy for Adult Volunteers](#))
- **As of June 2022:** Due to the rapidly changing ministry needs AND continual emergence of new technologies and platforms for communication, this social media policy will be under continual review

Exceptions and/or changes may be made by the D.R.E. on a case-by-case basis, should it be deemed necessary. The D.R.E., or other congregational personnel, may, at their discretion, consult with other Eliot colleagues or UUA professionals for guidance on this matter.

vi. Group communication through email, Facebook, group texting, etc., is appropriate. Any such communication should occur, whenever possible, in a public space, such as the “Facebook wall.” Whenever possible, parents/guardians and/or the appropriate church staff member should be copied or included.

vii. The use of text messaging with high school youth (grades 9-12 most years) as a means of communicating about Religious Education & youth group programming is permitted with advance parent/guardian approval.

viii. If an adult is in doubt about the appropriateness of any ongoing or emerging forms for communication, they must consult with their supervisor on the church staff (usually the DRE) as soon as possible.

g. Confidentiality vs. Secrets. If a child or youth discloses incidents of abuse or neglect, or is exhibiting self-destructive tendencies, the worker must report it immediately to the minister or DRE. Adults should never give children or youth the impression that they will keep secrets for them or promise to keep such information confidential. These expectations apply no matter which platform or setting the worker encounters such information (online, in-person, or via social media or other electronic communication).

i. If workers hear or encounter sensitive personal information from a child or youth which, in their judgment, necessitates notifying other church personnel for support or guidance, they should inform their supervisor on the church staff (usually the DRE) as soon as possible.

This expectation applies no matter which platform or setting the worker encounters the information (virtually, in-person, or via social media or other electronic communication).

4. REPORTING AND RESPONSE PROCEDURES

a. If an individual has a safety concern regarding children, youth, or an Eliot adult worker (volunteer or staff), the matter must be brought to the direct attention of the DRE, Lead Minister or Interim Lead Minister, or Director of Finance & Operations (DFO), who will then assess the situation and make an initial assessment of credibility. The matter should not be shared with other members of the Chapel community or a third party, as doing so may interfere with the successful investigation of the concern or cause unwarranted harm to the reputation of the individual(s) in question. Concerns will be taken seriously and given prompt attention.

b. If a worker, volunteer or staff, has reason to believe that abuse has occurred during an Eliot Chapel program or event, has reasonable cause to suspect the child has been or may be subjected to abuse or neglect, OR observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, the worker must immediately notify the Lead Minister or Interim Lead Minister, Director of Finance & Operation (DFO), and/or DRE of their concern. The individual worker (volunteer or staff), along with the DRE, Lead Minister or Interim Lead Minister, DFO, OR a designated agent of the Chapel, shall then become responsible for immediately making a report to the [Missouri Department of Social Services-Children's Division Hotline](#) (either electronically OR by phone, pending the circumstances) as required by Missouri law. Nothing in this section, however, is meant to preclude any person from reporting abuse, neglect, or any suspicions thereof, and no person making a report (staff or volunteer) shall be subject to any sanction or adverse action from their employer or supervisor. The term "abuse" is not limited to that abuse inflicted by an individual responsible for the child's care, but also includes abuse inflicted by any other individual. **(Source: [Missouri Revised Statutes \(MRS\) 210.115, Sections 1, 2, & 3, CURRENT LAW as of June 2022](#)).**

i. [Missouri Children's Division Hotline: 1-800-392-3738](#) (current as of June 2022)

- **Online Reporting:** The Missouri Department of Social Services-Children's Division now allows mandated reporters to file reports of NON-EMERGENCY abuse or neglect online. Information for this procedure can be found [HERE](#) (current as of June 2022).

ii. If an individual required to report suspected instances of abuse or neglect pursuant to this section **has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state**, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division **(Source: [Missouri Revised Statute 210.115-Section 8, CURRENT LAW as of June 2022](#)).**

iii. If the worker (staff or volunteer) ascertains that the child or youth is in a situation of imminent risk, they (or another responsible person) should immediately remove the abusive adult or vulnerable child from the situation and take steps necessary to protect the child or youth. The worker will cooperate with any subsequent investigation.

If an abuse situation is reported:

c. If an abuse situation is reported, the Minister or Interim Lead Minister, or in their absence the DRE or DFO, shall ensure that the situation is reported as required by law and notify the church's insurer as the matter requires. Eliot staff members may consult with Unitarian Universalist denominational personnel in regard to the situation and may inform the president of the Chapel's board if, in the minister or staff member's opinion, this is warranted. Otherwise, the matter is to remain confidential. Release of information could interfere with successful prosecution of the offender, result in unwarranted damage to the reputation of the accused, or may endanger the child or youth.

i. If the reported abuse involves an **Eliot adult volunteer or congregation member (18+)**, the DRE or minister shall immediately relieve that person of further duties involving the supervision, care, or teaching of children and youth until the matter is resolved.

ii. If the reported abuse involves an Eliot Chapel **staff member**, the matter will be addressed according to the terms and conditions in the Personnel Manual.

iii. If the reported abuse involves a **minister**, the matter should be brought to the attention of the President of the Chapel Board immediately. In addition to discussing the matter with the minister and discreetly removing them from direct contact with children and youth, the President should contact the Director of Ministries and Faith Development at the Unitarian Universalist Association immediately for advice on how to proceed.

iv. If the reported abuse or allegation involves a **child or youth in the congregation** being accused of inappropriate touching (or some other form of abuse or conduct) towards another child or youth in the congregation, the minister should initiate contact individually with the parents/guardians of each child/youth to discuss the allegation and next steps. Depending upon the allegation and the nature of the incident, it may be necessary to report the incident to the [Missouri Children's Division Hotline](#). Regardless of whether the allegation is founded, the child or teen who initiated the reported abuse or other inappropriate behaviors should not be allowed to participate in activities with the same child or youth until a safety plan can be developed, or the matter is otherwise resolved. It may, depending on the circumstances, make sense to remove the child or youth from religious education programming during this time (**SOURCE: [Religious Institute-Sexually Safer Practices, Item #17-Adolescent & Child Offenders](#)**).

d. Should the media contact Eliot about an alleged incident of abuse, the minister shall represent the Chapel to the public. While no identifying information should

ever be disclosed, the minister may disclose steps taken to prevent such incidents, investigate this incident, and to guard against abusive situations in the future.

Restricted & Limited Access

e. If it is determined that any person should have restricted or limited access to children and youth, or the Eliot community as a whole, the individual shall be required to sign a [Limited Access Agreement](#), and shall not be allowed to have access to children and youth or vulnerable adults except as consistent with that agreement. The Lead Minister or Interim Lead Minister, DRE, DFO, and Board President shall determine if such an agreement is necessary, and the application of that agreement.

i. Restrictions & limitations may be placed on an individual's participation in chapel activities if any of the following circumstances become known to the Minister, DRE, DFO, and/or Board President.

1. It becomes known that an individual is facing allegations of sexual abuse or misconduct.
2. It becomes known that an individual has engaged in sexual abuse or misconduct or has a prior conviction for such actions.
3. If it is determined, even without a formal accusation of abuse or misconduct, that an individual's contact with children or youth potentially places the individual and/or the children & youth at risk of harm or accusation.

ii. A draft of the Limited Access Agreement can be found in Section 6 of this policy.

other church staff members and lay leaders as needed to ensure that these policies are upheld.

i. Section 1, Part B outlines implementation for other church events which are not under the supervision of the D.R.E.
