

How to Use Text Giving

Text giving is a quick and convenient way to make a donation to the causes you care about at Eliot Chapel.

Here's how it happens:

Start a new text to 73256.

Enter “Eliot \$5 Asylum” if you’d like to donate five dollars to our asylum fund, for instance. See a list below of the funds you can donate to through text giving.

You’ll get a text reply with a link to the fund you’ve chosen. Click that.

The link takes you to our secure giving portal. Enter your information and click **GIVE**. It’s that simple!

After you donate, you’ll get a confirmation number and all the details you need to manage your giving.
