

How Can I Help You?

There are those among us at Parkway whose lives would be enhanced by being remembered in special ways - a card, a call, a visit from a friendly face. There are circumstances which prohibit some of our fellow members from participating in the life of Parkway as they once did.

If you want to find out more about how you can participate (and you know want to), please call Margot Whitaker (361-548-1904).
