The Year of the Volunteer: Worship Ministry Teams

This year, the staff of Central resolved to spend the year focusing on and celebrating our Central volunteers and the many ways in which they support the ministry and life of Central Church. This month, we focus on our Worship Ministry Teams, which are the Acolyte, Greeter, Usher, Sound, and Video Ministry Teams.

Acolyte Ministry

I have been an acolyte for three years. I am honored to light the candles, and carry the cross and Bible on Sunday mornings. I am glad that the acolytes have the support from their church family. Being an acolyte is a great way for young people to get involved in our church. I really enjoy meeting people through the acolyte ministry and getting to know them. I remember the first time I was an acolyte, I was so scared, but quickly noticed that the people in the sanctuary supported me and that there was nothing to be afraid of.

-- Lily Everette

Greeter Ministry

Greeting at Central has been a blessing for our family. We enjoy the opportunity to be the friendly faces that you see when you first enter our church and to interact with so many of our friends. One aspect of greeting that has truly warmed my heart is that our children enjoy being there with us as we greet our friends coming through the doors. It may also have something to do with ringing the bell; which they both enjoy as well, but I'm sure it is being able to see their friends walk through those doors on Sunday morning that inspires their participation along with us.

-- The Ostwalt Family

Usher Ministry

True, being an Usher at Central can be a challenge, i.e., arriving early is a given! Ushers should arrive early to make sure the bulletins, plates, etc. are there; make sure your team is present and prepared; and to see if any changes are scheduled. Remember, we are Methodists and our routine order of worship rarely changes, but "Be Prepared!" Ushers are key to the overall service because we may be the only Central members a visitor may meet. Thus, it's most important for each usher to act as a "greeter" too, for our membership and visitors alike. Personally, as an Usher, I most enjoy the Christmas Eve 11:00 p.m. Communion/candlelight service, because you see young and old alike, those home for the holidays, old friends and visitors. This Service makes the holiday season for me.

Sound and Light Ministry

The members of the Sound & Light Team basically control each Sunday morning service. Without us, you don't hear the service, or you could be in the dark! It is a fairly simple process, with most of the technical system pre-set and ready to go. This all seems very simple (and it is!), but it is extremely important. Many members who cannot make it to church on a particular Sunday have requested CD's of missed services, and these are made on a monthly basis. In addition, when the 180th Committee put together 18 of Rob's favorite sermons to put in a packaged set, the sermons were well cataloged and easy to find. This made the project much easier. And the quality of the recordings was very good, which made for happy customers.

Once when Rob started his sermon, no one could hear him, including me in the Sound Booth. He and I were both struggling a bit, and then he figured out that his microphone was in his shirt pocket. He calmly placed the mic properly and gave a great sermon. It added a bit of levity and laughter to us all.

Being a part of this team assures you a great seat to all the services, especially Christmas Eve and Easter! And, it is a very easy way to give back to the Church that has been such a blessing to us all. -- Jeff Joyce

Video Ministry

Central's video ministry began several years ago as a labor of love. What started with a single camera recording the service has grown now to 4 remote pan HD cameras, all controlled from the video board in the balcony. Recently, we've had a little helper up there, as 6-year-old Cate Bainbridge has taken to helping daddy switch from camera to camera. But she's just our latest volunteer. There's a small, dedicated team of us who are committed

to sharing our services each and every week. We mix them live, cutting back and forth between the multiple angles, and stream them live on YouTube (the link is available on our website, www.centralumc.org). We've had many stories over the years from members who can no longer make it to the sanctuary, but still feel that they are a part of Central because they can tune in and participate in worship. We average over 40 households each week joining us online. And, we've shared countless DVD's of baptisms, confirmations, and special performances over the years. Being able to document and share our inspiring services is truly a blessing. -- Chris Bainbridge

Dear Congregations 4 Children,

There are days like today when I am overwhelmed with gratitude for everything that you do for the students at Emma Elementary. You provide so many of our students with clothes and books. Please know that these are all put to good use.

You also provide Emma's students with some wonderful reading buddies. These individuals help our students grow academically while simultaneously boosting their self-esteem and self-confidence.

Please share this note with everyone involved with this program and know that your efforts are appreciated.

United Methodist Bishops Recommend a Way Forward

Press Release Issued May 4, 2018

CHICAGO – United Methodist bishops, meeting in Chicago, engaged in a prayerful process to discern a way forward. At the conclusion of the discernment process, the Council of Bishops strongly approved the following motion and rationale:

Having received and considered the extensive work of the Commission on a Way Forward, the Council of Bishops will submit a report to the Special Session of the General Conference in 2019 that includes:

- All three plans (The Traditionalist Plan, The One Church Plan and the Connectional Conference Plan) for a way forward considered by the Commission and the Council.
- The Council's recommendation of the One Church Plan.
- An historical narrative of the Council's discernment process regarding all three plans.

Rationale: In order to invite the church to go deeper into the journey the Council and Commission have been on, the Council will make all the information considered by the Commission and the Council of Bishops available to the delegates of the General Conference and acknowledges there is support for each of the three plans within the Council. The values of our global church are reflected in all three plans. The majority of the Council recommends the One Church Plan as the best way forward for The United Methodist Church.

Guided by the mission, vision and scope document, the bishops agreed to recommend the One Church Plan. This plan provides conferences, churches, and pastors the flexibility to uniquely reach their missional context while retaining the connectional nature of The United Methodist Church.

The One Church Plan allows for contextualization of language about human sexuality in support of the mission; and allows for central conferences, especially those in Africa, to retain their disciplinary authority to adapt the Book of Discipline and continue to include traditional language and values while fulfilling the vision of a global and multicultural church.

This plan also encourages a generous unity by giving United Methodists the ability to address different missional contexts in ways that reflect their theological convictions. The One Church Plan removes the restrictive language of the Book of Discipline and adds assurances to pastors and Conferences who due to their theological convictions cannot perform same-sex weddings or ordain self-avowed practicing homosexuals.

The Council's discernment process was guided by the over-arching desire to strategically help the General Conference do its work and to honor the General Conference's request for the Council to help the church find a way forward.

"With convicted humility, bishops want to be pastors and shepherds of the whole church in order to maximize the presence of a United Methodist witness in as many places in the world as possible and with as much contextual differentiation as possible," said newly installed Council of Bishops President Ken Carter.

The bishops expressed deep appreciation for the diligent work that the 32-member Commission on a Way Forward did in formulating the three plans: the Traditionalist Plan, the One Church Plan and the Connectional Conference Plan.

While the bishops recommended the One Church Plan, they affirmed that the Connectional Conference Plan and the Traditionalist Plan held values that are important to the life and work of the church and will be included in the final report to the Special Session of General Conference that the bishops have called for Feb. 23-26 in St. Louis, Missouri, USA.

Bishop Carter, who served as one of the moderators of the Commission, said the bishops are adopting a spirit of collaboration with the Commission, and an attitude of respect for the delegations who will take up this work on behalf of the whole church.

"The Council's prayerful deliberation reflected the diversity of the global denomination on the matter of homosexuality and many other matters. The Council affirms the strength of this diversity and our commitment to maintain the unity of the church," Bishop Carter said.

Full details of the plans and accompanying legislative proposals will be released as soon as final editing of the entire report is completed and translated into the official languages of the General Conference. It is estimated this will be no later than July 8.
