

# Splendor on The Green

As the community surrounding St. Peter's continues to grow and evolve, members of the parish decided to create a unique event that would encompass both our current neighbors on The Green and future neighbors that will occupy the Arts Complex. The goal was to design an event that would also continue to grow and change, yet become a special tradition that places this area of Uptown Charlotte in the spotlight. St. Peter's accomplished this goal for the first time in 2006 – now 'Splendor' is a permanent part of our rich culture. It is the best of both worlds – guests will enjoy a delightful and entertaining evening and St. Peter's will benefit with proceeds enabling us to continue serving our community. We hope you will consider being a patron of St. Peter's grand event – Saturday, May 10, 2008 from 7 – 10 pm.
