Important Summer Camp Info

- If new to MPP, a copy of your child's immunization form indicating up-to-date immunizations is required at time of registration (no exemptions accepted). We will then send additional forms including emergency medical and contact information forms which will be due with final payment no later than May 15.
- Register for one week or all six. \$50 non-refundable deposit towards camp cost required to hold spot for EACH week of camp.
- **Register Early - all camp prices increase by \$25 after March 15.**
- Summer class ratios will be the same as during the school year. Register early to get the weeks you would like. *If we find that we have a large enough wait list for an age group, we can attempt to add a class, but we need time to do this - to hire staff and order materials.* The earlier you register, the better we can accommodate your children!

Special Features of each week of Camp

Every week of camp includes art, playtime, singing, stories, playground time and more.
