MEETING IN VARIOUS HOMES 6:52 TO 8:31 PM

High Life

THE SENIOR HIGH MINISTRIES OF SPC

“I press toward the mark for the prize of the high calling of God in Christ Jesus.” Phil 3:14

JC (Jesus Community)

Jesus’ passion was to bring the Kingdom of Heaven to earth by restoring our relationship with the Heavenly Father. Jesus’ church or His community

is who God has chosen to communicate this good news. Sunday evenings and beyond are going to be an adventure in seeking God through teaching the Bible, through worship, through eating God’s supper together, through celebrating and playing together, through serving and meeting the needs of other people. JC is about becoming what Jesus Challenges to us to be in the gospels and to become the type of Jesus community that we see in (ACTS 2:42-47/ACTS 4:32-35)

Much like a trunk supports a tree branches, so also the time of Biblical

Real Time

house and the community of leaves & training and application of scripture

that takes place on Sunday mornings supports the seeking of building a Jesus Community. At SPC, we hold the Word of God, the Bible, to be God’s whole truth by which to understand God & to live by ; and we hold His Son Jesus Christ to be the living truth of God and the savior of man. (2 Timothy 3:16-17)

The strength of a tall tree is its roots. For students who are serious understanding and knowing God and who desire to go deeper in their faith, small groups makes that happen like no other way. Root groups are gender groups that will take you into an in depth study of God’s Word, deep prayer for others and the will of God, and into real relationships where you each help each other follow the Lord Jesus. “So then, just as you received Christ Jesus as Lord, continue to live in him, rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness.” Colossians 2:6-7

ROOTS

The Branches of a tree are the direct support of a tree house and the leaves. We are called to serve. Servant Leaders is about students answering God’s call to serve the Jesus community and making themselves available to serve High Life and to minister to people who God has given them influence. Galatians 5:13-14

Servant Leaders

Youth Coaches

God has given the responsibility to older, mature Christians to build the kingdom of God through mentoring, pastoring, loving, nurturing, teaching, & leading students toward the High Life of following Jesus Christ with all of our life. In all of creation their could be no significant responsibility. Would you care to get involved? 1 Peter 5:2-4
