

Spring Valley Presbyterian Church is participating in the annual school supply drive to benefit children in need. All children, regardless of their circumstances, deserve to start the school year with the essentials for learning. Our goal is to have enough supplies to help Richland School District Two, Building Families, and Sistercare children all return to school ready! You can help a child start the year with confidence by providing supplies, which can be placed in the donation bins designated for these supplies located around the church. You may want to consider purchasing a backpack and loading it with supplies. Either way, you can find the supply lists for Richland District 2 on the collection bins or by clicking the image above.

Please consider this opportunity to enable all children to start school prepared to learn.

**RICHLAND 2 ELEMENTARY
