

Silent Auction Bidder Registration and Tips

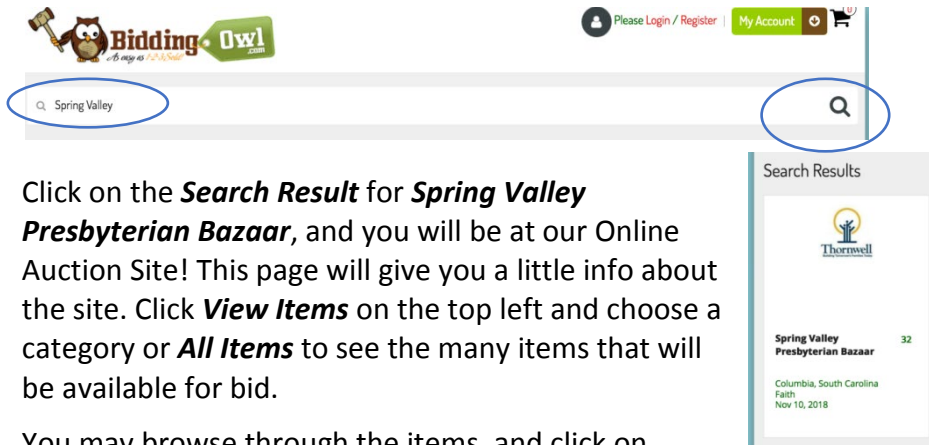

We're getting a little techy this year with our online Silent Auction. Don't worry, you can still see the auction items the day of the Bazaar, (Nov. 10), but you will be available to view items early and bid online, too. In fact, many items are now ready to be viewed, but be sure to check back often as we are adding items to the auction daily! Follow these directions to get setup for our online auction site.

Your BiddingOwl.com Account

1. Enter www.BiddingOwl.com/svpc into your browser's address field.
2. Click on *Register* (at top right of the page) to create a Bidder Account. **Note you can receive an email or text message when you are outbid.*
3. You will verify your Bidder Login via email and then you are ready to go!

BIDDING

When you are ready to view auction items, click return to auction or click **Featured Auctions** at the top of the site. A search window will appear below the Bidding Owl. Type **Spring Valley** and click enter.

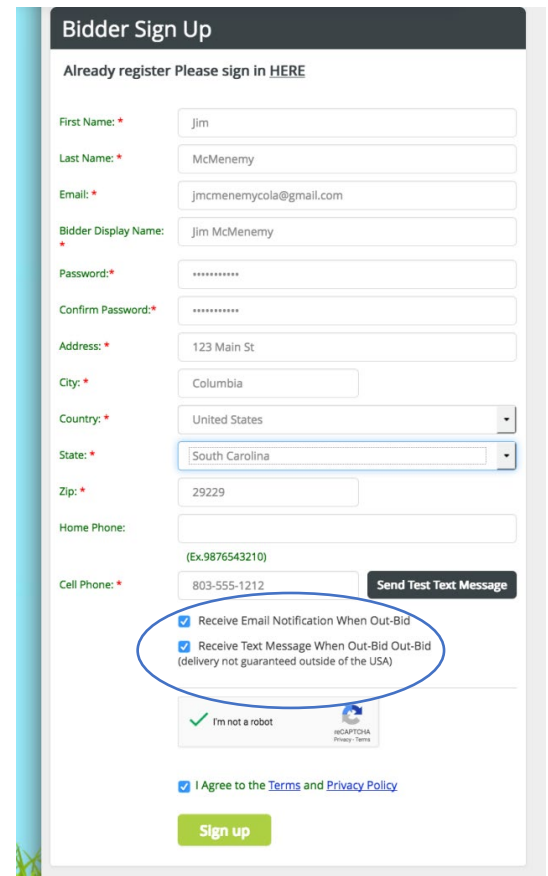

Click on the **Search Result** for **Spring Valley Presbyterian Bazaar**, and you will be at our Online Auction Site! This page will give you a little info about the site. Click **View Items** on the top left and choose a category or **All Items** to see the many items that will be available for bid.

You may browse through the items, and click on anything of interest to you. You will have the opportunity to submit a bid by clicking Bid or you might love something so much that you will want to click Buy Now! Unless you have selected to Buy It Now, all items will be available for bid until 2:00 pm the day of the Bazaar (Nov. 10).

This site works on a laptop/lpad or your cell phone. You will need to submit your bids online, but people will be available to help you, if you have any problems. Look for Chris McMenemy between/after services in the Atrium Sunday if you need assistance with creating a log-in or email Chris at cmcmenemycola@gmail.com. People will be available to help you the day of the Bazaar, too!

You have the option of creating a Max Bid Amount, too, so that you won't have to worry about checking back to make sure you "win" the item you really love! We are really excited about getting "techy" this year. Don't forget to check the site often!!
