

THE OFFICIAL STUDENT MINISTRY OF
GRACE CHURCH

from the walls to the workers,
the technology to the teachers,
the music, the excellence,
the effort; everything about
grace student ministry says
one thing...

...we love students.

If excellence is going the extra mile, then this student ministry has absolutely worn out the odometer. Don't get confused, we don't rush around chasing this new thing and that, we believe that ministry is an old fashioned process called discipleship. Nothing new, no gadgets, no gimmicks, just solid Bible teaching, love and accountability.
