

DORI HJALMARSON

We gave a small gift (\$200) to Dori in 2018. She was 93% funded that year.

Dori accompanies, coordinates and coaches lay and pastoral leaders of the Presbyterian Church of Honduras as they broaden theological education and strengthen the church's leadership capacity. One component of this is a dynamic program in collaboration with the Latin American Biblical University (UBL) of Costa Rica offering an intensive two-year theological education program for pastoral and lay leadership.

She serves as the primary Presbyterian World Mission liaison to the Honduras Mission Network, facilitating connections between World Mission, the network, the Presbyterian Church of Honduras, and other interested parties. One focus of Dori's collaboration with the Presbyterian Church of Honduras is facilitating partnerships between Honduran and U.S. Presbyterians.

A compassionate listener and communicator, Dori provides invaluable support to the leaders of the Presbyterian Church of Honduras as they strive to fortify their church.
