

# The Mother's Day Offering

After a year of uncertainty and loss, this spring has brought a breath of peace and hope. With COVID-19 vaccination rates rising and county positivity rates falling, Presbyterian Communities of South Carolina has felt the weight of isolation lift. Our communities are “opening up” as the regulatory authorities relax the restrictions. Families are able to visit with their loved ones again and this joy fills the halls of our buildings.

A resident recently remarked, “I think being at Presbyterian Communities is one of the greatest gifts you can give to your children and family because they know I am taken care of.”

You are part of our family, too. Presbyterian Communities of South Carolina is a ministry to seniors we share with you. As communities of residents and staff we are bound to you as family with the threads of faith and tradition.

In 2020, with your help, we provided \$1,059,786 in charitable care to residents who outlived their resources through no fault of their own. This vital ministry would not be possible without the support of churches and donors through the Mother's Day Offering.

Your gift today will make a difference for generations to come.

*Thank you!*
