

# December Newsletter

What a fun and exciting time of year! The 4-year old classes will be exploring, learning, singing and creating.

December means we are ready to celebrate the holiday season! We will explore the sights, sounds, smells, tastes and the wonderful things we touch this holiday season in our 5 senses unit.

Miss Donlin will have us moving and singing.

We will listen to special holiday stories and learn about holiday traditions. The 4- year-old classes will practice some new songs and finger plays that we will perform at our holiday party!

Work will begin on a special holiday gift for our families. Look for a special card we will create to complete our surprise!

With Warm Wishes for a Happy Holiday!
