

April, 2022 Newsletter  
3.5 year-olds

We will welcome April with the sights and sounds of Spring. The beautifully-illustrated **“Sophie’s Spring”** will kick-off the month and show us how our senses help us learn the signs of the season, such as seeds-sprouting, birds chirping and the appearance of baby animals. We will create Art depicting blossoms and flowers.

We will spend Spring days focusing on letters and numbers with “Marching Around The Alphabet,” number line and dice activities, and continue learning our last names.

With the birds returning from the warm South, we will learn more about how they build their nests and why **“Chicks Aren’t The Only Ones”** who hatch from eggs.

Classics, such as **“Peter Rabbit”** and **“The Golden Egg”** will lead us into Spring Break. Holiday art will include sponge painting, bleeding tissue paper and a multi-layered Spring scene centered around an adorable rabbit. We will enjoy our Spring Celebrations right before Break and return to end the month with the introduction of our Eric Carle Unit which will focus on the prolific works of this Author and Illustrator and include his classics of **“Papa, please get the Moon for Me”** and **“The Grouchy Ladybug.”** Our first step in creating our very own Eric Carle-like books, will have us replicating his tissue paper painting and decorating our very own artist’s apron.
