

## April News Letter- Four year old classes

We are so excited to be welcoming spring. Each day we will be on the look out for the signs and sounds of this wonderful season. We are also looking forward to leaving our heavy coats and mittens at home.

April is a busy month for our four year old classes. We are excited to celebrate the spring season and explore some wonderful books. “Egbert the Slightly Cracked Egg” will help the children learn that we are all perfect, flaws and all! We will also revisit the favorite nursery rhyme of Humpty Dumpty. After reading the rhyme, we will put on our scientist jackets and set out to make some predictions and conduct some experiments all centered around eggs. We will also enjoy dyeing some Easter eggs of our own. Each of our classes will have a spring celebration in their classroom on Thursday, April 14th (sign-up to come).

We will also be celebrating Earth Day. The children will learn about taking care of our Earth with a variety of hands on activities. We will learn how we can make a difference in regard to recycling, keeping our earth clean, and planting to replenish our natural resources. We will be doing experiments, collaging with recycled materials, and planting some seeds. Our classes will also be taking a spring walk to the Essex Fells Oval where they will participate in a spring scavenger hunt, play some games, and hear a spring story.

St. Peter’s will be closed for Spring Vacation from April 15 through April 22. We wish you all a wonderful break!
