

February Newsletter

3 ½- 4 Classes

Love is in the air as our children prepare for Valentine's Day! The children will be introduced to the post office via literature, house corner, and walking to our local mailbox (weather permitting). Be sure to check your mailbox for a special delivery!

Valentine literature, songs, and fingerplays will be part of this month of love and friendship. We will have a special snack to celebrate Valentine's Day. Our children will have an opportunity to deliver their valentines to each of their friends. To allow our children to have independence in their valentine delivery, please do not put the names of their classmates on the cards.

Winter break will be February 21 and 22. Class will resume on Wednesday February 23.

Our balloon unit will begin after the winter break. The children will explore how balloons are made! Our learning will be enhanced with literature, math, science, music, and art! Who knew balloons could be so fun and interesting!!

Happy Valentine's Day!

Mrs. Donofrio/Mrs. Egan

Mrs. Buccino/Mrs. Walsh
