

## March Newsletter

3 ½ Classes

Our Balloon unit continues into the first week in March. On Wednesday March 4<sup>th</sup> a Balloon magician will come to school and entertain the children creating a variety of things from balloons!

Our next big unit is a favorite at nursery school, dinosaurs. The children will learn about carnivores, herbivores and omnivores. They will be paleontologists and discover dinosaur fossils buried in our sand tables. We will also have some fun imagining the things we would do with a dinosaur if they came back. Our study of dinosaurs will include some fun art projects, songs and a trip to a museum. On March 18<sup>th</sup> we will experience an age appropriate hands on visit to the Morris Museum.

Another favorite at nursery school is our Grandparents Pizza Lunch on March 21<sup>st</sup>. Information will follow shortly.

Conferences will be held on March 25<sup>th</sup>. Sign up sheets will be available for you to choose a time to meet with your child's teacher and hear and see all the wonderful learning taking place at school.

We end the month with long awaited SPRING!

Mrs. Brohm, Mrs. Laracy, Mrs. Donofrio, Mrs. Egan
