

March Newsletter 3 ½-4 year old classes

March will move us into our dinosaur unit. We will explore herbivore and carnivore dinosaurs, learn the role of the paleontologist and research, and identify the theories of what happened to the dinosaurs. Then, we will use our imagination to ask, what would you do if the dinosaurs came back? A variety of dinosaur literature will be used for fun and adventure along with dinosaur facts. On March 13th we will take a trip to the Morris Museum to explore their dinosaur exhibit. Information and permission slips have been distributed.

As the month of March continues we will focus on learning more about ourselves. The children will sing and vote on their favorite nursery school songs, explore what they want to be when they grow up, and talk about new skills they have learned since the beginning of the school year.

March also brings one of St. Peter's favorite events, Grandparent's Pizza Lunch. We will be practicing some special songs to sing to our very special guests. We can't wait to see all of the grandparents there for a wonderful lunch.

Happy St. Patrick's Day and Spring to all of our families!
