

March Newsletter

The month of March is full of fun activities for our four-year old classes. We begin with celebrating the works of Dr. Seuss as we read some imaginative stories and create some special crafts. Our classes will play rhyming games as we read *Cat In The Hat*, *Fox in Socks* and *Hop on Pop*.

During the month we will focus on the letter “M” while feeding the Munching Mouth items that begin with this letter. We also celebrate a March holiday, St. Patrick’s Day, in a fun way by eating some green eggs & ham and search for leprechauns throughout the school.

We will also become architects as we study and create things from wood. The children will explore shapes and work on blueprints as we wander in the St. Peter's chapel. Join us for the opening of the St. Peter's Wood Museum where our wood sculptures and stories will be on display.

Grandparents will be our special guests on Saturday, March 23rd. We will enjoy a pizza lunch and have our grandparents share a preschool day with us in our classrooms. Our classes will perform some old classic songs that are sure to get the crowd singing along!

This will surely be a fun-filled month!
