

March Newsletter

4-Year-old classes

Our month begins with our woodworking unit! We will work with measuring, cutting, sanding, hammering, and sawing in our woodshop in our classroom! We will plan our very own creation and will make blueprints of what we will make. We will have a woodworking museum for our families to come and see our creations!!

Another highlight is the annual Grandparents' pizza lunch! We will prepare for this day by reading and acting out the **The Little Red Hen Makes Pizza**. Our classes will make their own pizzas and bake a special dessert to share with their grandparents!!

We will be working with opposites this month too! Oh the fun we will have playing with, finding, and singing about opposites!!!

We will also have fun this month with a visit from the leprechauns who will play some tricks on us in anticipation of St Patrick's Day. We will read **Dr. Seuss' Green Eggs and Ham** and sample this tasty treat. The concept of rhyming will be reinforced as we get acquainted with some of Dr Seuss' stories. Our classes will also concentrate on the letter M as we feed the Munching Mouth and marble paint the letter M.

As we say goodbye to Winter and hello to Spring, we will discuss the changes outside our window! We will become "Spring Explorers"!

Happy Spring!
