

March is a very exciting time in Pre K 4! We are finishing up our woodworking unit. We will begin our search for shapes. We will also discuss opposites! We will make an opposite book too. We will play with rainbows too! We have some very exciting experiments with rainbows! Of course there will also be many songs about rainbows too! We will celebrate St Patrick's Day. Get your green on!!!We will start playing with rhyming! We will begin to work with word groups! We also will start to observe how our weather is changing. We will finish up with getting ready for Easter, egg experiments, rabbit facts, Easter projects, egg dying , and an egg hunt!! March will be very "eggciting"!!!!!!
