

March Newsletter 2022

Pre-K 4

March comes in like a lion and goes out like a lamb! We will be tracking the weather this month and observing the changes in our season occurring around us.

We begin our month reading classic Dr. Seuss books to reinforce important kindergarten readiness skills such as rhyming, word families, opposites, counting, and graphing. Hop on Pop, The Foot Book, and One Fish, Two Fish, Red Fish, Blue Fish are some that are on our lists. March 2nd would have been Dr. Seuss's 118th birthday!

Next, we continue with our very special woodworking unit! We will be exploring many steps to create our own wood sculptures culminating with our 'woodworking museum'. We will notice the shapes we see around our school building, sketch our ideas, make our 'blueprints' & get creative. Look for more details coming soon. Our museum event will be held during our parent conferences (March 22-23).

We will of course have a little 'March magic' around St. Patrick's Day, looking for clues left by leprechauns and maybe sketching out our own leprechaun traps!

We wrap up our busy month by having a little pizza fun! We will read 'The Little Red Hen(Makes a Pizza)', retell the story by acting it out, and have pizza for our snack!

Look for parent conference sign ups coming soon!
